Enter the abstract text (use font type Times New Roman 9 points with single spaced lines. Please use this template, erase the sample texts and fill in your text. Page margins should be 3 cm for top, left, right and bottom margins. Abstract information must not appear on or outside the margins. All information **must fit in one single A4 page**. Abstracts must be **converted to PDF**. File size is **limited to 5 MB**. Abstract text is justified (therefore aligned along both the left and right margin of the column); paragraphs are not indented, only separated by one blank line. Paragraph headers, if needed, should be written in bold (align left). Abstracts should be **written in English**. Tables or images should be used when necessary to substantiate results and should be pasted into the abstract template form. Ensure that they are within the printable area of the page.

Table and Images Captions: Image captions should appear aligned under the corresponding figure and set in 9 points. Table captions should appear below the corresponding table and be set in 9 points. These items should appear as close as possible to where they are cited.
